# First Pacific's Investment & Management Approach

#### **Investment Criteria & Strategies**

- ☐ Geographic focus on emerging Asian economies
- ☐ Industry focus on consumer foods, infrastructure, natural resource, and telecommunications
- Investee companies will have strong or dominant market positions
- Companies will have potential for strong and committed profit growth, substantial cash flows and increasing dividends while following industry-leading ESG practices
- Potential co-investment in new digital and renewable energy businesses with investee companies

#### **Management Approach**

- ☐ Achieve meaningful board participation
- ☐ Participate in setting strategic direction, business plans and performance, and ESG targets
- ☐ Work with management of investee companies on acquisition and disposal activities
- Develop management incentive plans including financial and sustainability targets to align management interests with those of stakeholders
- ☐ Raise financial and ESG reporting standards to world-class levels among investee companies

#### **Investment Objectives**

- ☐ Create shareholder value by growing First Pacific's recurring earnings and dividends and increasing the share price over the medium term with an emerging Asia investment focus
- Leverage board-level influence at investee companies to help grow their underlying earnings, cash flow, and dividends
- ☐ Fully incorporate sustainability factors into investment decisions and management practices to manage risk and generate sustainable long-term returns

#### **Three-Year Share Buyback Program Launched**

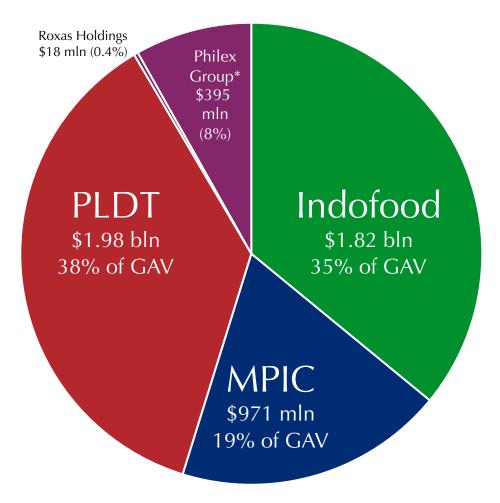

- First Pacific is currently trading at a relatively high discount to its net asset value
- ☐ First Pacific has accordingly launched a threeyear \$100 million share repurchase program in March 2021 reflecting Management's continuing commitment to delivering value to shareholders
- ☐ Repurchased shares are canceled, immediately increasing NAV per share, earnings per share, and dividend per share for all shareholders

# Gross Asset Value of \$5.2 Billion

#### **Diversified Investments, Strong Returns**

- Balanced weighting of mature and growth investments
- ☐ Balanced weighting of different sectors
- 18 years of growth: Gross Asset Value grew at a compound annual growth rate of 9% from end-2003 to end-2021

- □ In First Pacific's 2019 ESG Report, the Company committed to reducing Head Office total GHG emissions by 10% in 2021 and 15% in 2022 compared with the 2019 figure
- ☐ Having met both targets with a 44% fall in GHG emissions in 2020, First Pacific is pivoting to steadily reducing Head Office emissions via renewable energy purchases from HK Electric as quotas expand, beginning with 10,000 kWh in 2022
- ☐ First Pacific GHG emissions have been verified by Carbon Care Asia

## **Indofood** Core Profit at Record High Despite Margin Pressure

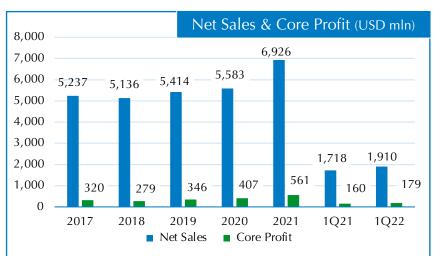

#### 1Q 2022 Financial Highlights

- □ Net sales rose 12% to record high IDR27.4 trillion vs. IDR24.6 trillion on sales growth led by Consumer Branded Products division; overseas sales now \$370 million, or 27% of the total
- ☐ Core profit rose 13% to record high IDR2.6 trillion vs. IDR2.3 trillion driven by sales growth, lower foreign exchange losses, and slower increase in operating expenses
  - ☐ CBP sales up 16% to ID16.9 trillion, EBIT down 5% to IDR3.3 trillion on stronger input cost growth
  - Bogasari sales up 26% to IDR7.6 trillion, EBIT up 18% to IDR542 billion as advance purchases avoided biggest wheat price spikes
  - ☐ Agribusiness sales down 13% to IDR4.1 trillion, EBIT doubled to IDR1.0 trillion on higher commodity prices
  - Distribution sales up 7% to IDR1.4 trillion, EBIT up 30% to IDR105 billion

#### **Outlook**

- ☐ Full-year EBIT margin seen in range 18-20% notwithstanding higher prices for raw material inputs like wheat and palm oil
- □ Robust sales growth is seen continuing at CBP, driven by Pinehill after it saw 25% sales growth and 20% volume growth in 1Q22
- □ 1Q22 price and volume growth in most product categories illustrate the strong market position of most Indofood products providing sufficient pricing power to largely pass on increases in the prices of commodity inputs
- ☐ Earnings growth seen continuing into 2022 and beyond in both domestic Indonesian markets and Pinehill markets in Africa, the Middle East, and Southeastern Europe where expansion to new markets has lifted consumer base to 1 billion from 850 million

# Summary

#### **Indofood Earnings Seen Continuing Strong**

- ☐ Earnings growth seen continuing in 2022 and beyond on strong demand growth in Pinehill markets supported by growing appetite for Indofood products domestically
- □ Indofood is traditionally a beneficiary of higher soft commodity prices with stronger Agribusiness earnings and Bogasari cost-plus sales model offsetting margin pressure in the consumer branded products business
- EBIT margins are seen continuing strong after setting record highs in 2021

#### MPIC to See Boost from Roads & Power

- ☐ MPIC's toll roads business expects to see several new projects enter service in 2022, strongly boosting its contribution to MPIC earnings
- Meralco's rollout of new renewable electricity generation plants in 2022 will introduce permanent increases in turnover
- Stability in the regulatory regime for the Maynilad water business will help bolster earnings
- ☐ MPIC management continues to develop new businesses for future earnings growth

#### **PLDT Sees Home Leading Growth**

- Continuing strong demand growth for residential fiber broadband leads to the Home business recording continuing strong revenue growth
- ☐ The Enterprise business continues to benefit from growing demand for data center services
- ☐ Continuing strong price competition in consumer mobile services are expected to pressure margins in the Individual business segment
- Lower capex and prospect of a billion-dollar-plus sale of mobile towers raises prospect for special dividend

#### **Earnings Growth Seen Steady at First Pacific**

- ☐ First Pacific Management is confident in stronger contributions from its investee companies in the coming two- to three-year period
- Contribution growth to support turnover and recurring profit going forward
- ☐ Dividend policy of 25% payout ratio likely to result in continuing growth in distribution to shareholders on a per-share basis
- Two more years of share buybacks will raise pershare earnings, dividend, and net asset value
- ☐ Cash interest cover seen at 3.5x or higher
- Deepening integration of ESG into strategy and practices seen leading to reputation enhancement
